| Transparency                                                                       | Transparent                                         |
| Identification                                                                     | <b>EMERALD (Natural Beryl)</b>                      |
| This gemstone shows gemological properties consistent with those of emeralds from: |                                                     |
|                                                                                    | <b>Colombia</b>                                     |
| Comments                                                                           | Indications of insignificant clarity enhancement. * |

\* Natural emeralds are commonly clarity enhanced.

\*\* Colour typically found in emeralds from the "Muzo" mining district.

A handwritten signature in blue ink, appearing to read 'C. Dunaigre', is written over a faint, circular, embossed seal that is partially visible in the background.
